

Remarks

In response to the restriction requirement made in the above identified application, Applicant elects to prosecute the invention identified as the Group I invention, in the present application. Claims 1 through 45, 51 and 52 are deemed to relate to the elected invention. Correspondingly, claims 46 through 50 relating to the nonelected Group II invention have been cancelled, reserving the right to claim such nonelected invention in a divisional patent application.

In view of the foregoing, it respectfully is submitted that the subject application proceed to an examination on the merits.

The Commissioner is hereby authorized to charge any underpayment of fees or credit any overpayment of fees in connection with this communication to Deposit Account 19-4375.

Respectfully submitted,
